Beachum Recreation sells outdoor products manufactured by Most Dependable Fountains. Some of the features of BeachumRecreation.com are an online product catalog, product search, and product scroller.

Product Catalog

The product catalog contains the products Beachum Recreation offers. There's a thumbnail image of each product along with a larger image. But it's not just a product catalog. eCommerce shopping cart capabilities are built in should Beachum Recreation decide to sell their products directly from their website.

Product Scroller

A subset of the products are randomly selected to be featured in the product scroller. Hovering over the component causes the scrolling to stop. Clicking on a product in the scroller displays that product's detail page.

Product Search

Search the product catalog for a list of relevant products.
